

## San Luis Coastal Unified School District Student Responsible Use of Technology Agreement

Student Name \_\_\_\_\_ School \_\_\_\_\_ School Year \_\_\_\_\_

San Luis Coastal Unified School District (SLCUSD) provides limited access to the Internet, which includes local, national, and international sources of information, through its local network and district technology. Every SLCUSD user is expected to act in a responsible, ethical, and legal manner on the Internet. Students are taught network etiquette and are expected to follow it. Using the district's network is a privilege, not a right, and a student's privilege may be revoked at any time without prior notice even if it results in a student failing a class. To become a student user, students and their parents must complete this form and return it to the student's school.

Students using district technology resources are subject to having all activities, including but not limited to, e-mail, personal drives, and Internet searches, monitored by network security systems or district personnel. SLCUSD has taken all reasonable steps to ensure the Internet is used only for purposes consistent with curriculum. Students may use personally owned devices for educational purposes and will be responsible for any fees charged by the device's service provider. Students on campus' with wireless access will use the wifi that is provided by the District. The district or school cannot completely prevent the availability of material on the Internet that may be deemed harmful or intended for adults. Information obtained via the Internet is at the user's risk.

I understand that the district may provide students access to the district's technology resources for educational purposes, and that this access is a privilege, not a right. I acknowledge that I have been provided, read, and understand policies, regulations, and guidelines regarding the use of the district's technology resources. I further acknowledge that inappropriate use of the district's technology resources shall result in a cancellation of student use privileges, disciplinary action, and/or legal action in accordance with law, Board policy and administrative regulations. I agree to defend, indemnify, and hold-harmless the district and all district personnel for the failure of any technological protection measures, violations of copyright restrictions, student mistakes or negligence, or any student costs incurred.

I understand that users will be financially liable for any damage resulting from negligence or misuse.

I have read, understand, and will abide by Board Policy and Administrative Regulation 6163.4 regarding Student Responsible Use of Technology as contained in the annual *Parents' Booklet of Information*.
